

## Personal Website and Cell Phone Responsibility

I, \_\_\_\_\_ a contestant within the Miss Utah's Outstanding Teen Organization, understand that I have the personal responsibility to maintain an age appropriate personal website(s). This means I will not post personal information about myself that could put my safety in jeopardy.

I will not post pictures of myself that are questionable or display inappropriate behavior. All contents on my personal website(s) will be available for the viewing of my parents or legal guardian. I understand that it is against federal law to display pictures involving nudity and if such pictures exist, they will not be displayed on my personal website, cell phone or other facet of public view. I understand that if any material on my personal website comes under suspicion of being inappropriately displayed, I will be asked to remove it. If the behavior continues, I will be given one warning. If it persists beyond that warning, I understand that the possibility exists that I could lose the title of Miss Utah's Outstanding Teen or the local title in which I hold. Further action would take place between myself, my parents and the legal professional designated by the Miss Utah Scholarship Organization Board to handle such situations.
